

ABSTRACT FORM

Sixth International Meeting on Rapid Responses to Steroid Hormones
Conference Center, Elche, Alicante (Spain)
Wednesday September 2 – Saturday September 5 2009

Abstracts due by Monday, June 15, 2009
All abstract presentations should be in English

INSTRUCTIONS FOR PREPARATION OF THE ABSTRACT

1. Abstract text must fit completely inside the indicated box.
2. Please use this Abstract Form. However, if you need additional Abstract Forms, please type your abstract on good quality plain white paper, and follow these instructions exactly. Attach a copy of this form with all the appropriate information filled in. Do NOT use a photocopy of this form for the original copy of your abstract, and do NOT draw a line around your abstract.
3. If using a computer, do not use a font size that is smaller than 10. The font type should be Arial, Helvetica, Roman or Courier; do NOT use Italic or script styles. If you are using an electric typewriter, use ELITE type with a non-smudging ribbon. Only clean corrections will be accepted.
4. Be certain the TITLE IS COMPLETELY CAPITALIZED. The title should be followed by authors' names (initials or first name must precede the last name). Authors' names shall be continuously underlined. Department, institutional affiliation, city, country and postal zip code are required (do not include street address).
5. SINGLE SPACE all typing in the abstract. The text should be a single paragraph, starting with a three-space indentation.
6. When using abbreviations for compounds, spell them out in full when first mentioned, followed by the abbreviation in parentheses. Do not use "vitamin D" or "V-D" as a substitute/synonym for " $1\alpha,25(\text{OH})_2\text{D}_3$ "; they are chemically different compounds.
7. DO NOT ERASE. Remember that your abstract will appear exactly as you submit it; any erasure smudges, errors, misspellings, poor hyphenations and deviations from standard usage will be glaringly apparent in the published abstract.
8. DO NOT BEND ABSTRACT IN MAILING. Send, by airmail or by courier, the original typed copy of this abstract form. **IN ADDITION, PLEASE, SEND IT BY E-MAIL AS WORD DOCUMENT TO:**

Rapid Responses to Steroid Hormones

RRSH2009@umh.es

9. This abstract must be received in the Research Office at IB-UMH by **Monday, June 15, 2009**.
